Priority

The examiner hereby withdraws the foreign priority requirement stated in the previous office action.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Aaron Deditch on 9/18/06.

The application has been amended as follows:

The term "metal layer" in claims 16 and 18 has been changed to
--metallic coating--.

The phrase "The microwave oscillator according to claim 10" has been deleted from claim 18.

Statement of Reasons for Allowance

Claims 10, 11, and 15-18 are allowed.

The following is an examiner's statement of reasons for allowance: The best art of record, Lucas et al, taken alone or in combination of other references does not teach or fairly suggest the hollow conductor being impervious to the fundamental wave, as set forth in claim 10, an adjustable resonator disc, as set forth in claim 15, a choke piston,

as set forth in claim 16, or a continuously metallic coating electrically connected to the walls of the hollow conductor, as set forth in claim 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
